With 4MP QHD live monitoring and pan & tilt feature, Rex 4MP ensures every corner of your home completely covered. Human Detection quickly finds human targets in the images and sends a notification to you. With built-in spotlight and siren, Rex 4MP actively keeps unwelcome visitors away from what you care about. Privacy Mode helps protect your personal privacy when you are home, and Smart Tracking function lets the camera follows moving objects when it detects motion.

Stay close with what you care

With Cloud service, you will have access to what you care as long as Internet is available. You can record daily or motion videos on Cloud and play back anytime anywhere.
